

1946

THE MISTRANSLATION
THAT SHIFTED CULTURE

June 4th
Friday, 6pm PDT
LOCATION: ONLINE (ZOOM)

WATCH PARTY HOSTING SUGGESTIONS PACKET

*So you want to host an **in-person** gathering to watch the zoom?*

Make a to-do-list so you have a plan in place so you don't forget anything.

Invite your guests by email, in person, calls, or texts. If possible, have an RSVP so you can estimate how many people to expect on **Friday, 6/4/25**

Find a space based on how many guests you will need to fit (home, venue, etc.).

Snacks! Find a caterer, or prepare hors d'oeuvres at home: if making your own, pick something simple you can make or get from a store. Chips and salsa go a long way!

Decide if you will be offering alcoholic beverages: if renting an event space, check their policies.

Test your video and audio equipment to make sure it's working properly and that your TV/Screen will be visible to everyone in the space. You will need internet service for the streaming. You will also need Zoom installed on your device.

Make sure you have time to enjoy yourself If you have a large amount of people attending, ask one or two people to help you out. There will be a Q & A Panel after the screening, and help getting questions to the designated person in your group to get the questions answered.

Misplaced the zoom event link? Don't worry, it's stored here just in case.
